WHY SLOVAKIA?

Bratislava is the capital of Slovakia, an EU member that uses the euro and sits at the crossroads of Central Europe, close to Vienna and Budapest. For Tunisian exporters it is a practical entry point to the Slovak market and a gateway to neighbouring buyers.

THE EVENT

Organized by Commercin, this exclusive B2B showcase gives buyers in Slovakia early access to leading Tunisian suppliers through the Commercin platform. Buyers can start contacts and transactions before any larger event, and exhibitors present their products in a professional, high-quality setting in Bratislava.
